

YUVIO TRACK

TRACK LIGHTS

YUVIO is different: spotlights as modern design objects with a clear and recognizable shape. The luminaire head is square, flat and elegant with precise radii at the edges. And with a special technology for directing the light that stands out visibly: YUVIO works with freeform lenses, combining the advantages of reflector and lens technology in a striking aesthetic.

Unique freeform lenses

Striking appearance, optimum precision and glare control

Universal application

In retail and beyond, for example for offices, hotels, restaurants or exhibitions

Horizontal and vertical

Accentuating, modeling or planar. The choice of light distributions guarantees creative freedom

Light colours also available in CRI > 90

Authentic lighting with Brilliant Colour, Brilliant Food, Efficient White or Efficient Cool, among others

Intelligent light

LED^{IQ} for your smart lighting management; controls from switchable, DALI, Bluetooth to BLE

YUVIO TRACK
